PHILOSOPHY

We imagine, create, and build art pieces in the form of kitchens, closets, and commercial furniture. We seek perfection by taking care of details and merging with resistance and functionality. Achieving pieces to admire, smart, and durable. We understand wood, that's why we use only the best since it is the raw material and inspiration for our work and in each of its veins the wood contains the millenary energy of natural perfection that makes up Alessa Signature products. Where we offer you artistic and functional Solutions for your commercial and residential spaces.

PRODUCTS

CABINET CONSTRUCTION SPECIFICATIONS

Doors: We use select and durable materials in our doors, with attractive textures and design, uniform, and beautiful patterns of the grain. All the batches of raw materials used are environmentally friendly cabinet wood. Durability and versatility in each product.

Carcasses: Carcasses are made of CARB Phase II certified plywood with wood veneer. There is no formaldehyde added in the process of making our plywood. The carcasses are 3/4" plywood on sides, bottom, and top (wall cabinets), and reinforced with framed backing. Our cabinet boxes are the steadiest boxes you will find in the market.

Drawer box: The drawer box is constructed of solid wood with a clear finish and are connected with tight dovetail joints. All drawers come with a 1/4' plywood bottom.

Shelving: Full-length Adjustable shelf comes with every 30" tall wall cabinets. Two shelves come with 36" tall wall cabinets and three come with 42" tall cabinets. Half-length adjustable shelving comes with every base cabinet. Shelves are made of 3/4" plywood and finished front and back.

Toe kick: Every base cabinet comes with 3/4" toe-kick finished both ends. 4 1/2" high toe kick finish.

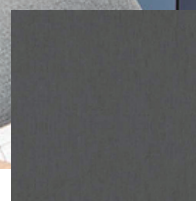

Hinges: 6-way adjustable, concealed, 110-degree soft closing hinges are used. Melissa and Christian series come with Soft closing Blum® hinges.

DELIRIUM COLLECTION

This collection embraces simplicity, since they are designed to integrate perfectly with the visual style of all areas of the house without breaking the balance of the spaces, thanks to their colors and elegance. With smooth exteriors in High Gloss or super matte finish they offer a simple but striking elegance. By combining details with a delicate finish, the Delirium collection blends seamlessly while proudly expressing its unique presence.
